

Featuring Fall's Harvest

TOMATOES!

Healthy Tips

Get Moving:

- Go for a walk or jog in the morning to jump-start the brain.
- Make walking to school a daily routine. Create a team of parents who can take turns walking students safely to school. If it is too far to walk, drive students but park a few blocks away and then walk.
- Take a family walk after dinner.

Did you know? Amazing facts about tomatoes

- A ½ cup of sliced tomatoes is a good source of vitamin C and vitamin A.
- Tomatoes are a great source of lycopene. Lycopene is a powerful antioxidant that may help lower the risk of some forms of cancer, promotes heart health, and helps keep the immune system healthy.
- In 1893, the U.S. Supreme Court declared the tomato to be a vegetable. But it is actually a berry.
- Look for tomatoes that are firm and give slightly to gentle pressure.
- Store ripened tomatoes at room temperature, out of direct sunlight. Use within a few days.
- Use fresh or canned tomatoes in soups, stews, and chili for a great taste.
- Add fresh tomatoes to everyday foods like sandwiches and salads.
