

Chaboya Sports Permission Slip
(408) 270-6900

Dear Parents/Guardians:

For any student to participate in the After School Sports Program, the information requested below is essential. Since the possibility of injury is present in even the mildest of athletic events, some form of accident or health insurance is required before any student will be allowed to participate in any sport. There is a space provided below for you to indicate the type of insurance you carry. There is also insurance coverage available by an outside carrier made available through the school district. Your son or daughter may not participate in our after School Sports Program without insurance coverage.

I hereby give my permission for _____ to participate in Chaboya's After School Sports. In case of an emergency and I cannot be reached, I authorize school personnel to take any action deemed necessary. I also give permission for my child to ride school busses to and from events.

Eligibility will be determined at the regular reporting periods: either quarterly report cards or progress reports. A GPA of 2.0 and no "F" grade is the minimum requirement. At the beginning of each sport, all student athletes are considered on "probation" until the regular quarterly report card or progress report, which comes out during their respective season, is issued. The date this official report is distributed at school is the "cut date". Students who do not meet the minimum requirement are not eligible to participate in practices or events. They are dropped from the team roster. A student who becomes ineligible for one sport may try out for a future sport. The same eligibility requirements will apply.
