#### F. ASSUMPTIONS

Please provide below or on a separate attachment, the assumptions used to determine the projections for the first and second subsequent fiscal years. Further, please include an explanation for any significant expenditure adjustments projected in lines B1d, B2d, and B10. For additional information, please refer to the Budget Assumptions section of the SACS Financial Reporting Software User Guide.

The projections prepared in 45 Day Revise for 2018-19 thru 2020-21 are included in the budget. The TA agreement with ETA approved by the Board on October 18, 2018 is included. The projected costs of the CSEA and Mgmt proposed salaries and benefit negotiations are not included herein but are on separate public disclosures. The projections assume at least a 73 ADA reduction in LCFF revenue based on enrollment count at the opening of school that was less than the projected enrollment. The count has decreased even further as of the October 3, 2018, CalPads census date. The 18-19 budget moves deferred revenue in place from 17-18 with offsetting expense budgets and most of restricted ending balance funds. The 19-20 and 20-21 budgets reflect the revenue from passage of Measure EE parcel tax extension and increase passed in the November 2018 election and leaves current class size, music and library expenditures in place with an additional \$490,393 in increased funds for the Board to determine program budgets use. The budgets assume the reduction of at least 5 teachers a year based on the declining enrollment and 2-4 classified support staff members. The budgets include the results of health and welfare premium reductions due to the transition to SISC for benefit plans and assumes a 5% employer paid premium increase per year. The budgets include an increase in encroachment for special education programs and transportation through contributions to restricted programs.

Please provide below or on a separate attachment, the assumptions used to determine the projections for the first and second subsequent fiscal years. Further, please include an explanation for any significant expenditure adjustments projected in lines B1d, B2d, and B10. For additional information, please refer to the Budget Assumptions section of the SACS Financial Reporting Software User Guide.

The restricted programs reflect most of the ending fund balance budgeted to spend in the current year. In particular over \$2.9M in Clean Energy Jobs Act funds. The costs of the approved agreement with ETA is included with the expectation that a contribution for unrestricted funds to cover the increase to staff paid from 6500 and the remainder of the restricted funds expected to cover increases within the annual funding results.

Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation).
