EVERGREEN SCHOOL DISTRICT ADOPTS “NEXT GENERATION” PAPERLESS MEETING TECHNOLOGY

eGovernance Solution Enables Organization to Save Time, Money and Increase Governing Body Effectiveness

San Jose, CA – November 7, 2016 — Evergreen School District is leveraging the power of the Internet to radically improve the governance process while saving time, taxpayer dollars and the environment. This new eGovernance initiative will replace the old and costly method of compiling, printing, binding and distributing paper agenda packets by hand. The remarkably powerful, easy-to-use solution will enable the organization to maximize the effectiveness of their board meetings with increased transparency, providing a basis for better and more open communication with the public, while dramatically increasing productivity and saving thousands of dollars annually.

The paperless meeting solution, called BoardDocs® LT, is a 100% Web-based service that includes many features from industry-leading BoardDocs Pro solution. By making meeting agendas and supporting documents available on the Internet, Evergreen School District will be able to distribute documents associated with board meetings more quickly and efficiently, at a dramatically reduced cost to the organization.

Electronic distribution will not only save time and resources, but it will also provide unprecedented public access via Evergreen School District Website to agenda items and other governing body-related information. This process will allow interested parties to review information prior to board meetings. All documents associated with the meetings are automatically archived and can be accessed by meeting date or by using the system’s comprehensive search feature.

Additionally, BoardDocs LT will increase the amount of time members of the governing body have to review agenda information, enabling them to better prepare for meetings.

BoardDocs uses a structured, collaborative workflow that is specifically designed to meet the unique needs and legal requirements of public school boards, county commissions, municipal governments and a wide variety of other types of governing bodies.

The new eGovernance features can be accessed via Evergreen School District Website at www.eesd.org.
