

EVERGREEN SCHOOL DISTRICT

3188 Quimby Road
San Jose, CA 95148

2020-2021 SECOND THROUGH SIXTH GRADE REGISTRATION REQUIREMENTS

- Parents and child reside in the Evergreen School District attendance area. **NOTE: Registration packets must include proofs of residence (see D-90G Residency Verification Declaration)**
- An original birth certificate with seal or other legal document showing date of birth must be presented to school personnel (i.e. Passport).
- Record of **UP-TO-DATE IMMUNIZATIONS** must be presented to school personnel. If immunizations are not up to date, the registration will not be considered complete.

Schools in California enforce a “no shots, no school” policy. The child WILL NOT be allowed to attend school if the immunization verification has not been received before the first day of school.

- Record of having had, within the 12 months prior to school entry, one of the following: a signed Santa Clara County TB Risk Assessment Form OR a Mantoux (PPD) skin test for Tuberculosis or IGRA blood test.

REQUIRED IMMUNIZATIONS

Polio	4 doses	Three doses of polio vaccine meet the requirement if one dose was given on or after the 4 th birthday.
DTaP	5 doses	Four doses of DTaP meet the requirement if at least one dose was given on or after the 4 th birthday.
MMR (Measles, Mumps, Rubella)	2 doses	Must be given on or after the first birthday. Child who has just received first dose of MMR may enter kindergarten if they receive a 2 nd dose 1 to 3 mos. after first dose.
TB Risk Assessment		All students entering school for the first time (TK or Kindergarten) or transferring into Santa Clara County MUST present written evidence of having had a TB Skin Test (TST/Mantoux/PPD) completed in the United States within 12 months of registration OR a Santa Clara County Risk Assessment form signed by a physician or clinic . The TST must include the date given, the date read, and results of the test with signature of the physician or clinic; OR an IGRA blood test with results.
Hepatitis B	3 doses	
Varicella (Chickenpox)	2 doses	2 doses of Varicella vaccination OR physician signed documentation of permanent medical immunity.

REGISTRATION – PLACEMENT AND FORMS

Every attempt will be made to place new students at their school of residence. However, the district cannot guarantee such placement and reserves the right to overflow new students to other schools within the Evergreen School District as necessary when a grade-level enrollment capacity is reached. Any student overflowed to a school other than their school of residence, with the exception of Transitional Kindergarten students, may be provided transportation from their school of residence and back pending availability. Overflowed students and Transitional Kindergarten students will return to their school of residence the following school year.

Please return your child’s registration forms to the school in your attendance area. If you need assistance in locating the school site for the area in which you live, please visit the district web-site at www.eesd.org or call 408-270-6800

Evergreen School District

ATTENTION:
Important information regarding your child's
placement...

The first two weeks of school are always a bit hectic as enrollment numbers are worked out and classroom formations are solidified. It is possible that classes will be added, dropped, or that combination classes will need to be formed. Should this happen, some students will be required to change classrooms or possibly be overflowed to another site within the Evergreen School District. ***For the first two weeks of school, parents should consider their student's placement to be provisional.*** Should it be necessary to change your student's placement, you will be notified. Thank you for your patience and understanding as we work to make this process as smooth as possible for our students.

	Students whose primary residence is within the district boundaries will be provided services within the Evergreen School District. Designated school of attendance is based on a student's primary residence. If a student's school of attendance is unable to accommodate the student at the time of enrollment, the student may be overflowed within ten school days to another school in the district for the remainder of the school year.
	The Evergreen School District will actively investigate all cases where it has reason to believe false information has been provided on District forms and may verify with home visits.
	The District may refer cases in which false information has been intentionally provided to the Santa Clara County District Attorney for further action and/or file civil action to recover damages incurred as a result of providing false information.
	Persons who provide false information on a District form are subject to criminal prosecution for perjury, which is punishable by a fine and/or a prison term of up to four years in state prison. (Fam. Code Sec. 6552; Pen. Code Sec. 118 & 126)
	Persons providing false information on an affidavit are also subject to civil liability for fraud, negligent misrepresentation, and negligence. Parties found civilly liable may be required to pay all damages caused to the District as a result of providing false information, as well as punitive damages. (Civ. Code Sec. 1709)
	Persons who induce, obtain or otherwise solicit another person to provide false information on an affidavit are subject to the same criminal prosecution, fines, and imprisonment as the person directly committing perjury. (Pen. Code Sec. 127)
	Investigations that reveal students were enrolled on the basis of providing false information will lead to immediate initiation of action by the District to remove the student from the school/District.

I declare that the foregoing is true and correct. In accordance with the District requirements, I have attached the required documentation as proof of residence for enrollment.

STUDENT ACCEPTABLE USE OF TECHNOLOGY Board Policy and Regulations – BP/AR 6163.4

Parents/Guardians,

Please read and discuss Board Policy BP 6163.4 and Administrative Regulations AR 6163.4 Student Use of Technology with your child regarding the proper use of technology in the Evergreen School District. The attached Board policy and regulations should be kept at home for your own reference.

Your child is expected to adhere to the Use of Technology Board Policy and Administrative Regulations as long as your child is a student in the Evergreen School District. The Board Policy and Administrative Regulations include expectations regarding network etiquette, personal responsibility, acceptable uses, and unacceptable uses. Consequences for violations of these rules may result in disciplinary action, including the loss of a student’s privileges to use the school’s information technology resources.

While supervision and monitoring systems are in place while your child is on their school’s network, we cannot implement these resources while your child is on the Internet at home. It is the responsibility of parents/guardians to be aware and supervise their child’s activity while on the Internet at home. For more resources and information to help you with this, *A Parent’s Guide to Internet Safety*, published by the U.S. Department of Justice, is available at

<http://www.fbi.gov/publications/pguide/pguidee.htm>.

This page must be signed by both parent/guardian and child and returned with your completed registration packet

My child and I acknowledge and understand our obligations and consequences.

STUDENT USE OF TECHNOLOGY

The Board of Trustees intends that technological resources provided by the district be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with district regulations and the district's Acceptable Use Agreement.

Before a student is authorized to use the district's technological resources, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and his/her parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the district and district personnel for any damages or costs incurred.

The Superintendent or designee shall regularly review and update this policy, the accompanying administrative regulation, and other relevant procedures to enhance the safety and security of students using the district's technological resources and to help ensure that the district adapts to changing technologies and circumstances.

Use of District Computers for Online Services/Internet Access

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that blocks or filters Internet access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. (20 USC 6777, 47 USC 254)

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall supervise students while they are using online services and may have teacher aides, student aides, and volunteers assist in this supervision.

The Superintendent or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

STUDENT USE OF TECHNOLOGY (continued)

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.

STUDENT USE OF TECHNOLOGY

The principal or designee shall oversee the maintenance of each school's technological resources and may establish guidelines and limits on their use. All instructional staff shall receive a copy of this administrative regulation, the accompanying Board policy, and the district's Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media specialists shall prescreen technological resources and online sites that will be used for instructional purposes to ensure that they are appropriate for the intended purpose and the age of the students.

Online/Internet Services: User Obligations and Responsibilities

Students are authorized to use district equipment to access the Internet or other online services in accordance with Board policy, the user obligations and responsibilities specified below, and the district's Acceptable Use Agreement.

1. The student in whose name an online services account is issued is responsible for its proper use at all times. Students shall keep personal account numbers and passwords private and shall only use the account to which they have been assigned.
2. Students shall use the district's system safely, responsibly, and primarily for educational purposes.
3. Students shall not access, post, submit, publish, or display harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors. (Penal Code 313)

4. Unless otherwise instructed by school personnel, students shall not disclose, use, or disseminate personal identification information about themselves or others when using email, chat rooms, or other forms of direct electronic communication. Students also shall be cautioned not to disclose such information by other means to individuals contacted through the Internet without the permission of their parents/guardians.

Personal information includes the student's name, address, telephone number, Social Security number, or other personally identifiable information.

STUDENT USE OF TECHNOLOGY (continued)

5. Students shall not use the system to encourage the use of drugs, alcohol, or tobacco, nor shall they promote unethical practices or any activity prohibited by law, Board policy, or administrative regulations.
6. Students shall not use the system to engage in commercial or other for-profit activities.
7. Students shall not use the system to threaten, intimidate, harass, or ridicule other students or staff.
8. Copyrighted material shall be posted online only in accordance with applicable copyright laws. Any materials utilized for research projects should be given proper credit as with any other printed source of information.
9. Students shall not intentionally upload, download, or create computer viruses and/or maliciously attempt to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking."
10. Students shall not attempt to interfere with other users' ability to send or receive email, nor shall they attempt to read, delete, copy, modify, or use another individual's identity.
11. Students shall report any security problem or misuse of the services to the teacher or principal.

The district reserves the right to monitor use of the district's systems for improper use without advance notice or consent. Students shall be informed that computer files and electronic communications, including email, are not private and may be accessed by the district for the purpose of ensuring proper use.

Whenever a student is found to have violated Board policy, administrative regulation, or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

Cyberbullying - Includes the posting of harassing messages, direct threats, social cruelty, or other harmful text or images on the Internet, social networking sites, or other digital technologies, as well as breaking into another person's account and assuming that person's identity in order to damage that person's reputation or friendships.

STUDENT USE OF TECHNOLOGY (continued)

Filtering - District has the right, to the extent required by law, to place reasonable restrictions on the material accessed or posted through the system.

Media Publishing - All published media must follow district guidelines and is subject to review.

Plagiarism - Students will not plagiarize works. Plagiarism is taking the ideas or writings of others and presenting them as if they were their own.

Copyright Infringement - Students will respect the rights of copyright owners. Copyright infringement occurs when a work, software, music, video, etc. that is protected by a copyright is inappropriately reproduced. Students should ask their teacher and request permission from the copyright owner if they are unsure whether or not they can use a work.

Services - The district makes no guarantee that the functions of the services provided by or through the district system will be error-free or without defect. The district will not be responsible for any damage suffered, including but not limited to, loss of data or interruption of service.

Consequences - The use of technology in district is a privilege, not a right. In addition to any criminal and civil penalties, students are also subject to school discipline for technology-related offenses.

EVERGREEN SCHOOL DISTRICT
TB Risk Assessment Requirement
D-90TB Information Sheet

The Santa Clara County Public Health Department no longer requires TB testing for ALL children upon school entry. No Tuberculin Skin Test (TST) or blood test (IGRA) is required unless the student's healthcare provider (HCP) deems it appropriate based on their assessment of risk factors for TB.

All students must be evaluated for risk factors for TB as part of their routine medical "assessment." A TST or other TB test approved by the Centers for Disease Control and Prevention will be ordered by the HCP **if deemed necessary** based on the TB risk factor assessment. Attached is the

Risk Factor Assessment Form (D-90TB)

This form will be completed by the HCP.
This form will be returned to your student's school,
along with the registration packet.

The student's HCP will give parent/guardian documentation stating one of the following within 1 year of registration:

1. Student's risk assessment was negative. No TB testing is required.
2. Student's risk assessment was positive with attached TB screening test (TST/IGRA) and CXR result. Student is free of infectious tuberculosis.

Students with TST/IGRA test results within 1 year of registration may submit their results with their registration packets and do NOT need to obtain the Assessment of Risk Factors from their HCP.

**Santa Clara County Public Health Department
 Tuberculosis (TB) Risk Assessment for School Entry**

This form must be completed by a U.S. licensed primary care provider and returned to the child's school.

1. Was your child born in, or has your child resided in or traveled to (for more than one week) a country with an elevated TB rate?* Yes No
2. Has your child been exposed to anyone with TB disease? Yes No
3. Has a family member had a positive TB test or received medications for TB? Yes No
4. Was a parent, household member, or visitor who stayed in the child's home for >1 week, born in a country with an elevated TB rate?* Yes No
5. Is your child immunosuppressed [e.g. due to HIV infection, organ transplant, treatment with TNF-alpha inhibitor or high-dose systemic steroids (e.g. prednisone ≥ 15 mg/day for ≥ 2 weeks)]. Yes No

*Most countries other than the U.S., Canada, Australia, New Zealand, or a country in western or northern Europe. This does not include tourist travel for <1 month (i.e. travel that does not involve visiting family or friends, or involve significant contact with the local population).

If **YES**, to any of the above questions, the child has an increased risk of TB and should have a TB blood test (IGRA, i.e. QuantiFERON or T-SPOT.TB) or a tuberculin skin test (TST) unless there is either 1) a documented prior positive IGRA or TST performed in the U.S. or 2) no new risk factors since last documented negative IGRA (performed at age ≥2 years in the U.S.) or TST (performed at age ≥6 months in the U.S.).

All children with a current or prior positive IGRA/TST result must have a medical evaluation, including a chest x-ray (CXR; posterior-anterior and lateral for children <5 years old is recommended). CXR is not required for children with documented prior treatment for TB disease, documented prior treatment for latent TB infection, or BCG-vaccinated children who have a positive TST and negative IGRA. If there are no symptoms or signs of TB disease and the CXR is normal, the child should be treated for latent TB infection (LTBI) to prevent progression to TB disease.

Testing Methods

An Interferon Gamma Release Assay (IGRA, i.e. QuantiFERON or T-SPOT.TB) or Mantoux tuberculin skin test (TST) should be used to test those at increased risk. An IGRA can be used in all children ≥ 2 years old and is preferred in BCG-vaccinated children to avoid a false positive TST result. A TST of ≥ 10 mm induration is considered positive. If a child has had contact with someone with active TB disease (yes to question 2 on reverse), or the child is immunosuppressed, then TST ≥ 5 mm is considered positive. If a BCG-vaccinated child has a positive TST, and an IGRA is subsequently performed and is negative, testing is considered negative unless the child was exposed to someone with TB disease or is immunosuppressed. For immunosuppressed children, screening should be performed by CXR in addition to a TST/IGRA (consider doing both) and symptom review.

Evaluation of Children with Positive TB Tests

- All children with a positive IGRA/TST result must have a medical evaluation, including a CXR (posterior-anterior and lateral is recommended for children <5 years old). A CXR is not required for a positive TST with negative IGRA in a BCG-vaccinated child, or if the child has documentation of prior treatment for TB disease or treatment for latent TB infection.
- For children with TB symptoms (e.g. cough for $>2-3$ weeks, shortness of breath, hemoptysis, fever, weight loss, night sweats) or an abnormal CXR consistent with active TB disease, report to the County of Santa Clara Public Health Department TB Program within one day. The child will need to be evaluated for TB disease with sputum AFB smears/cultures and nucleic acid amplification testing. A negative TST or IGRA does not rule out active TB disease in a patient with symptoms or signs of TB disease. The child cannot enter school unless active TB disease has been excluded or treatment has been initiated.
- If there are no symptoms or signs of TB disease and the CXR is normal, the child should be treated for latent TB infection (LTBI). Do not treat for LTBI until active TB disease has been excluded.
- Short-course regimens (rifampin daily for four months or 12-dose weekly isoniazid/rifapentine) are preferred (except in persons for whom there is a contraindication, such as a drug interaction or contact to a person with drug-resistant TB) due to similar efficacy and higher treatment completion rates as compared with 9 months of daily isoniazid

Treatment Regimens for Latent TB Infection

- Rifampin 15 - 20 mg/kg (max. 600 mg) daily for 4 months
- 12-dose Weekly Isoniazid/Rifapentine (3HP) Regimen:
 - Isoniazid
 - 2-11 years old: 25 mg/kg rounded up to nearest 50 or 100 mg (max. 900 mg)
 - ≥ 12 years old: 15 mg/kg rounded up to nearest 50 or 100 mg (max. 900 mg)
 - Rifapentine
 - 10.0-14.0 kg: 300 mg
 - 14.1-25.0 kg: 450 mg
 - 25.1-32.0 kg: 600 mg
 - 32.1-50.0 kg: 750 mg
 - >50 kg: 900 mg
 - Vitamin B6 50 mg weekly
- Isoniazid 10 mg/kg (range, 10-15 mg/kg; max. 300 mg) daily for 9 months. Recommended pyridoxine dosage is 25 mg for school-aged children (or 1-2 mg/kg/day).
